

OPERATION ARCTIC CITADEL INTELLIGENCE SUMMARY D1

1 General Information

This intelligence summary covers the last 24 hours (From D1).

2 Intelligence

2.1 Political

2.1.1 Notian and Xilong talks

During the opening stages of the Notian attack on Finland, there was high level meetings taking place between Notia and Xilong. Notia fear coalition forces ability to inflict damage to their air assets and have requested support and reassurance from Xilong that they can be supported if needed. Credible reporting indicates that Xilong have reassured Notia and claimed that they will be able to reinforce Notian air defenses to help counter a coalition air campaign.

ASSESSMENT:

It is **LIKELY** that Xilong will provide air assets in support of Notia. It is **EVEN CHANCE** that Xilong will start preparing air assets for movement already on D2. It is **HIGHLY LIKELY** that Xilong will support Notia and prevent the Notian regime from collapsing.

2.2 Ground

2.2.1 Notian 4th Corps mobilization order

VID have credible reporting indicating that Notia are in the final stages of issuing a mobilization order for the Notian 4th Corps.

ASSESSMENT:

DISCLAIMER:

This is for multiplayer online gaming using the Digital Combat Systems simulation software published by Eagle Dynamics. The information is not in any way suitable for real world use or operations.

With a mobilization of the 4th Corps, Notia expect a prolonged campaign that will stretch resources in a way that challenges the Notian regime. Notia will **LIKELY** change the society into war production increasing factories to surge operations within 24 hours in order to increase the output of war materials to the Notian armed forces.

2.2.2 Notian looking to expand ground forces

Sources within the Notian government indicate that the Notian government are looking into their industrial base and investigating if they can ramp up new factories to produce a 5th Corps.

ASSESSMENT:

It is **LIKELY** that the Notian government are looking into options to increase the ground forces. It is **UNKNOWN** at this time how Notia plan to conduct this, but it is **LIKELY** that new factories need to be used in order to produce the required forces. It is currently **UNKNOWN** how long time Notia will need to create such a force. It is **LIKELY** that Notia have the manpower, by using forces in the reserves to man such a force structure.

2.3 Air

2.3.1 Impacts at Banak airbase

At around 1830G (In game local time) / 2030Z (real world) Banak airfield was struck by several explosions. One ammunition storage went up in flames as the explosions and secondary explosions caused the storage to be destroyed.

ASSESSMENT:

It is **LIKELY** that the explosions at Banak were caused by Notian activity.

2.4 Sea

2.4.1 High activity at Notian ports

The last 24 hours have seen an increased activity in Notian parts.

ASSESSMENTS:

VID assess it as **LIKELY** that the Notian fleet is preparing to get underway.
